Two dogs or two cats or two birds, and other customary non-exotic (snakes, ferrets and skunks are prohibited), quiet and inoffensive household animals shall be kept in a Unit, provided same are not kept, bred or maintained for any commercial purpose and do not become a nuisance or annoyance to neighbors. Individuals who were tenants of the apartments prior to creation of the Condominium and who have purchased a Unit, shall be entitled to retain the animal(s) they owned prior to purchasing the Unit, but upon the death of the animal(s), the Unit owner shall not be permitted to replace the animal unless the Unit owner is able to satisfy the specific animal restrictions contained in the first sentence of this paragraph.

5.2 Registration Required. All animals must be registered with Association management. All dogs requiring registration must be brought into the Association Management Office for a visual inspection prior to being kept in a unit. It will be determined at that time if the dog is an allowable breed. Once registered, dogs and cats must wear the tag issued by Association Management on all portions of the Common area. **Residents who fail to register their animals (dogs and cats) will be provided with 7 days written**

notice, and then if they continue to fail to register they will be subject to a fine of \$100 per animal. Registration tags must be visible at all times when an animal is outside of the limited common area of its owner's unit, or owner will be subject to a fine.

Electronic collars associated with electronic fencing or other electronic devices are no substitute for a pet restrained by a hand-leash. If an animal is leashed within confines of a limited common area (upper balcony or patio) and is not fitted with an association approved fence, then the animal owner must ensure the length of the leash does not allow for the animal to venture outside of said patio or balcony. If owner's animals are not on a leash while outside on the patio or balcony area, owners must insure that all means of egress from the patio or balcony must be blocked off in addition to the gate area. **All material used for blockage of patio and/or balcony must be approved by the Board.** If an animal owner fails to follow any of the leash rules, they will be subject to a fine of \$100 per pet. Animals are not allowed in pool areas, the fitness center, Laundromat and Yacht Club. The exception to the rule is a Service Dog, provided that official documentation is on file in the Management Office by the Animal owner. Anyone found breaking this rule will be asked to leave the area and may be fined.

5.4 Clean-up. Messes made by animals must be removed by Unit Owners, their tenants, guests or handlers immediately. Any resident observed not cleaning up after their animal will be fined \$100.00.

Where a mixed breed is identified that it appears to be part prohibited breed, the onus is on the owner to provide documentation from a Vet of the dog's breed. The Violation committee will then assess the dog against photographs of pure bred, prohibited breeds and decide whether to allow or remove the dog. The Association has the authority and reserves the right to review at any time or to have owner take animal to an approved Association registered veterinarian any animal breed deemed to be in question even after the animal is registered with the HOA. In addition, any animals that are vicious, noisy or otherwise unpleasant will not be permitted in the Condominium. In the event that an animal has become a nuisance or disturbing in the opinion of the Board, written notice shall be given to the Unit Owner or other person responsible for the animal and the animal must be removed from the Condominium property within (3) days after the notice is given.

5.6 Guests' Animals. Guests are not permitted to bring animals onto Condominium property.

Trash must be taken by owners, their tenants or their guests to the trash compactor on property and cannot be left in common areas or limited common elements (i.e. on balconies or patios) at any time. Compactors are not for construction related trash, nor are owners/tenants allowed to leave old furniture, appliances or other large items at the compactor. Owners/tenants are responsible to remove the above items at their expense off the premises. Owners, tenants and guests are responsible for keeping the limited common areas appurtenant to their unit and common areas directly in front of their unit free of litter. Examples of litter include but are not limited to cigarette butts, candy wrappers and gum, animal feces or bags containing animal feces, empty alcohol cans and bottles. Litter

should be removed immediately by the owner, tenant or guest of the unit. Loud and disturbing noises are prohibited whether emanating from units, common elements, limited common elements, vehicles or boats. All radios, televisions, tape machines, compact disc players, stereos, singing and playing of musical instruments, etc., shall be regulated to sound levels that will not disturb others. Any resident found breaking this rule may be subject to a fine. The Yacht Club Bar may on occasion have live music or DJ's for special functions and events which may play no longer than 1am.

8. Offensive/Threatening Behavior.

The Police may be called to deal with residents or guests who are verbally or physically abusive (including public intoxication) to any Waterside at Coquina Key employee, contractor, vendor, board member, owner or guest. Additionally, the individual will be subject to a fine of \$100.

No Unit owner shall permit anything to be done or kept in his or her Unit or in the Common Elements which will result in cancellation of insurance on the Building, contents thereof, or which would be in violation of any law or building codes.

14. For Sale and For Rent Signs.

No "for sale" or "for rent" signs shall be permitted upon the Condominium Property (either upon the common elements or in any portion of the unit that is visible from its exterior to include vehicles and boats), it being the intent of the Association to ensure an attractive and consistent appearance of the Condominium.
